Congratulations to Dana-Farber Cancer Institute: DFCI launched a robust externally-focused webpage for LGBTQ patients. Of note, there is a downloadable PDF of LGBTQ-friendly physicians, etc. Other affiliated-hospitals are working on their own OutList of faculty who are LGBTQ and those who are LGBTQ-friendly. We keep an HMS OutList [here](#).

AMA Journal of Ethics: Transgender Health and Medicine: The latest issue of this journal is full of HMS experts covering this important topic. This issue is great for teaching.
