We had a wonderful (and big!) crowd for the LGBT and Allies Reception held two weeks ago. Thank you to everyone who came out, it was so nice to see new and old faces. I will have pictures up soon on the LGBT Office website. This now annual event brings together such a great mix of Deans, faculty, trainees, students and staff! Way to go Harvard.

Request to Boston Children’s Hospital faculty and trainees: Please add your name to the outward facing directory to let patients and families know that you are an ally, have been trained in LGBTQ patient care, or are out as a member of the LGBTQ community.
