Exciting news! Harvard Medical School has just launched a clinical and scholarly elective: “Health Care for Individuals with Diverse Sexual Orientation, Gender Expression, and Sex Development”. This advanced elective is a four-week multi-disciplinary clinical and scholarly experience that trains medical students to provide high-quality, patient-care to people who are LGBTQ (Lesbian, Gay, Bisexual, Transgender, Queer, and Questioning), Gender Nonconforming, or Born with DSD (Differences of Sex Development). More here: https://mfdp.med.harvard.edu/LGBT/news.
