students to participate in the HMS Exchange Clerkship Program. The Program is designed to increase medical
The Visiting Clerkship Program  provides support for fourth
and to oversee all diversity activities involving HMS faculty, trainees, students and staff.
About VCP
The Visiting Clerkship Program provides support for fourth-year and qualified third-year minority medical
students to participate in the HMS Exchange Clerkship Program. The Program is designed to increase medical
students’ awareness of opportunities in academic medicine and their consideration of an academic training pro-
for internship and residency, and especially to increase the number of minority students applying to HMS-
affiliated hospital training programs.

About DICP
The Office for Diversity Inclusion and Community Partnership (DICP) was established in 2002 (originally
named Faculty Development and Diversity, est. 1995) to promote the increased recruitment, retention and ad-
advance of diverse faculty, particularly underrepresented minority (URM) faculty, at Harvard Medical School
and to oversee all diversity activities involving HMS faculty, trainees, students and staff.
